Note: The Environmental Studies major includes four concentrations. (General Environmental Studies, Ecology, Environmental Policy, and International Environmental Sustainability.) Students should work with their IWU advisor to choose a concentration which will determine the classes taken in the third and fourth year. Biol 161 and 162 are only required for the Ecology concentration. Students with other concentrations should select courses suggested above. Students who intend to pursue graduate school should complete Chemistry 161 and 162 at Heartland.

- Work with advisor to choose a total of 9 upper division courses with at least 4 in the major.
- At Heartland, choose a (G) Global Diversity and a (U) US Diversity course from recommended list to meet IWU graduation requirements.
- AP scores with 4 or higher, or higher level IB scores of 5 or higher, can be used to meet general education requirements at IWU, but not major or minor requirements.
- Remedial math courses may be needed to prepare for the math requirement. However, remedial courses will not transfer to IWU. Adjust schedule and hour requirements accordingly to complete degree.
- Completion of any 201 language course would complete the 2<sup>nd</sup> language requirement.
- Students should complete a minimum of 64 semester hours, not including remedial or equivalent PE courses, at Heartland to be on track to complete their bachelor's degree in a total of four years.
- Students are required, at minimum, to complete 16 units of coursework at IWU including half of all major requirements.
- Graduation requirements: 32 total courses and 32 total units with 9 courses and 9 units of upper level courses, and 18 courses and 18 units outside the major. (1 IWU unit = 4 semester hours)
